

RBMR Health Card

Mission and Vision

The RBMR HEALTH CARE COUNCIL envisions a healthier society where every individual and family have access to quality healthcare services without financial constraints. By leveraging technology and fostering partnerships with healthcare providers, the foundation is redefining how healthcare is delivered in India.

RBMR Health Card represents this vision, empowering families with a

holistic, affordable, and easily accessible healthcare solution. With a focus on preventive care, alternative therapies, emergency services, and discounted treatments, the foundation ensures that families are well-supported in their health journeys.

RBMR Health Card is an all-encompassing health solution designed to provide comprehensive healthcare benefits for families. It emphasizes affordability, accessibility, and holistic healthcare, offering the following benefits:

Pan-India Coverage.

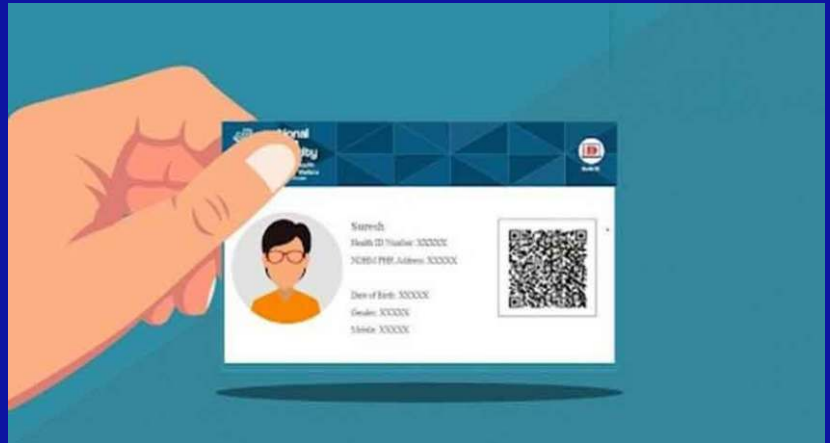

The health card is accepted across a wide network of healthcare facilities and service providers throughout India, ensuring seamless access to benefits wherever the family resides or travels.

Family-Centric Coverage

Covers a total of six family members under a single card, making it ideal for nuclear or joint families seeking shared healthcare benefits.
